

## CLC Appreciation Celebration - June 18, 2010

After more than five years of planning, including the Bell e-Learning Centre, the Fine Arts & Multi Media Centre, the Ralph Klein Centre, and a network of Community Engagement Sites throughout Central Alberta, construction of the Community Learning Campus is now complete. What began as \$ 6.7 million dollar proposal to modernize Olds High School has now grown to become the \$ 68 million dollar Community Learning Campus.

To thank the numerous volunteers and supporters who helped turn the Community Learning Campus dream into a reality, the CLC hosted an Appreciation Celebration event on June 18, 2010, which included a reception, dinner, and play. A wonderful time was had by all!

Many thanks to all CLC supporters for their time, energy, and dedication to this worthwhile project. These facilities will enhance rural opportunities for learners of all ages for many years to come!

Finale from the play "The Love List":
