

Community Learning Campus

*Growing Together,
Learning Forever*

Bell e-Learning Centre

Providing opportunities for distance learning beyond the physical campus, improving rural access to broadband technologies, such as video conferencing through the SuperNet, and offering a centre for leadership growth by creating opportunities for professional development of staff, industry/business, and government.

Within the facility, high end technology and multimedia labs serve the learning needs of high school and college learners, community, business and industry. The Bell e-Learning Centre includes the Olds College Students' Association offices and gathering spaces. Also in the facility are the International Centre, and a computer commons area with wireless access.

Fine Arts & Multi Media Centre

A flexible venue offering the 390 seat TransCanada Theatre, instructional, presentation and conference space, and multipurpose areas for performing and visual arts in Olds & area.

Instructional spaces include areas for band, drama, art, choir, cosmetology, and stained glass. This space and its offerings respond to the fine arts and programming needs of Olds High School, Olds College and the surrounding community.

- Provides the learner with an enhanced educational environment for performance.
- Creates a transition to higher levels of fine arts education.

- Opens up a vast range of opportunities for Olds College students and the surrounding communities.
- Provides a venue for community fine arts activities and performances.
