

Community Learning Campus

*Growing Together,
Learning Forever*

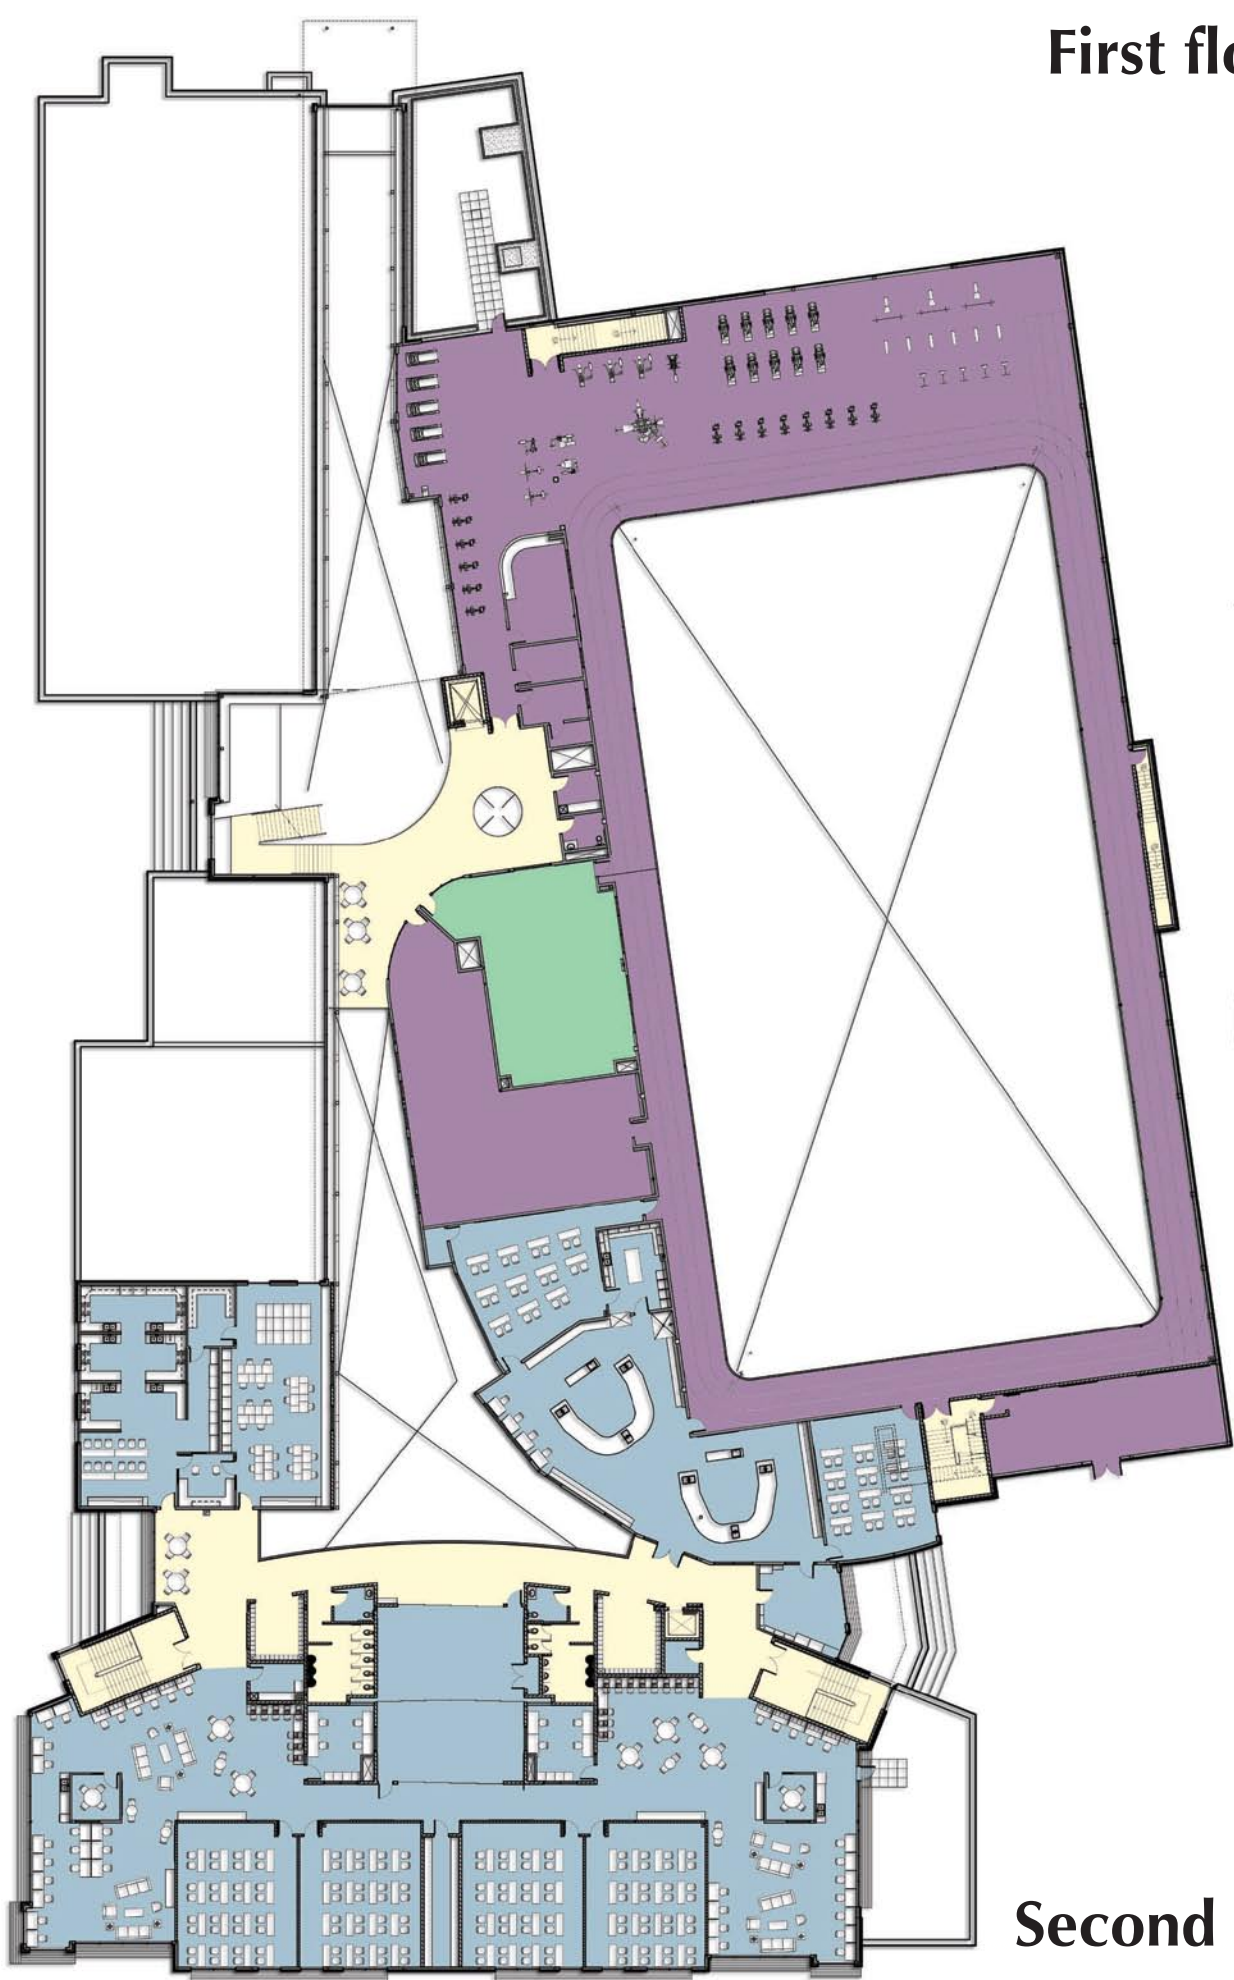

Core High School

700+ capacity facility for high school students grades 9-12, in Olds and area on the grounds of Olds College.

Students engage in learning in flexible teaching and learning spaces that provide classroom, team, and individual configurations allowing for self-directed study, project-based and collaborative learning. In addition to classrooms and staff development areas it features a student gathering area, and a Science Park. The building will also host two "green roof" venues to promote environmental sustainability and to utilize for instructional purposes in science and horticulture.

First floor

- Integrated Career Centre
- Central Alberta Child and Family Services

Health & Wellness Centre

A holistic approach to physical, intellectual and social growth. The facility is open to the student population and the surrounding area providing many shared amenities targeted to the wellness side of health:

Three gymnasiums, indoor running track, fitness centre, wrestling and multipurpose rooms, meeting rooms and child minding.

In addition, the facility will host the Central Alberta Child and Family Services, Alberta Employment, Immigration and Industry; an Integrated Career Centre and health services.
